Information on data collection systems

This section informs you of your rights and choices you can make.

A data collection system is a cookie, a tag, a tag, a Web beacon or any other system capable of storing and/or collect information related to the browsing of your terminal (computer, Tablet, etc) and your activity on the advertisements displayed on the Site.

When using the site www.DEEDO.com (the "Site") and according to the choices you have expressed, data collection systems can be installed on your device and/or the advertisements displayed on the Site.

1. By deposited these systems of data collection?

Data collection systems can be filed by us or some of our partners.

2 Why these systems of data collection are deposited?

2.a deposited by us data collection systems are:

Systems for collection of data necessary for the operation of the Site and our services. They allow us to store information about your registration or access to our Site and our services, to implement security measures or even to adapt the presentation of the Site to the preferences of your terminal (language views, operating system, etc.). These data collection systems also allow you to access your personal space on the Site.

The systems data collection of audience measurement. These data collection systems to establish statistics and volumes of traffic and usage of various elements of the Site (pages and visited content, courses), to studies in order to improve the content of the Site as well as our services.

Advertising data collection systems. These data collection systems to analyze your use of the Site and the advertisements displayed on the Site in order to provide advertisements tailored to your interests on our Site or on the sites of partners. These data collection systems allow more particularly (i) to record and identify the ads, (ii) to count the number of users who clicked on each ad and (iii), as appropriate, to follow the actions later made by these users on the pages that lead these ads.

DEEDO may also give access to the data collected through the data collection systems to partners so that they can make behavioral studies of consumers.

2.b collection of data filed by third-party systems:

We allow some of our trading partners to drop the systems data collection advertising on the Site and/or on ads displayed on the Site for the same purpose as mentioned above. The issue and use of these data collection systems are subject to protection of the privacy of these third party policies.

We have also included on the Site, applications of social networks, which allow you to share content on the Site with other people or to share with others your consultation or feedback concerning our Web Site content . This is particularly the case of the "Share" buttons, "Like", from social networks such as 'Facebook', 'Twitter', etc.

The social network providing such application button is likely to identify you through this button, even if you have not used this button during your visit to our Site.

DEEDO invites you to consult the policies for the protection of the privacy of these social networks to be aware of the purposes of use, including advertising, navigation information they collect through these buttons application. These protection policies must allow you to exercise your choice with these social networks, notably by setting up your accounts for the use of each of these networks.
